

INNOVATIVE **AUTOMATION SOLUTIONS**

OUR PRODUCTS AND SERVICES

AC DRIVES, SOLAR DRIVES, PLC & HMI
SERVO SYSTEM & MOTION CONTROLLERS
SAFETY SENSORS, VISION SYSTEMS & INSTR.CONTROLS
CONTROL PANEL INTEGRATION
IIOT SOLUTIONS FOR EMS, WATER & INDUSTRY 4.0
POWER SYNCHING & EV AUTOMOTIVE SOLUTIONS
ROBOTIC MATERIAL HANDLING SOLUTIONS

Authorized Distributor

Our Sales and Services on

We provide complete Automation Solutions and System Integration . Also we Provide sales and services on Automation products with popular brands.

APPLICATION WE COVER

Mechanical Industries
Food Processing Industries
Water Treatment Plants
Sewage Treatment Plants
Power Control Systems
Machine Automation
Hydraulic Systems
Conveyor Systems
Plastic Manufacturing
Industries

OUR TRAINING SERVICES

Industrial Automation Courses

- Basic Level
- Advanced Level
- Master Level

OUR SERVICES

Internship for College Students

- 1 month Internship
- 3 Months Internship
- 6 Months Internship

Workshops

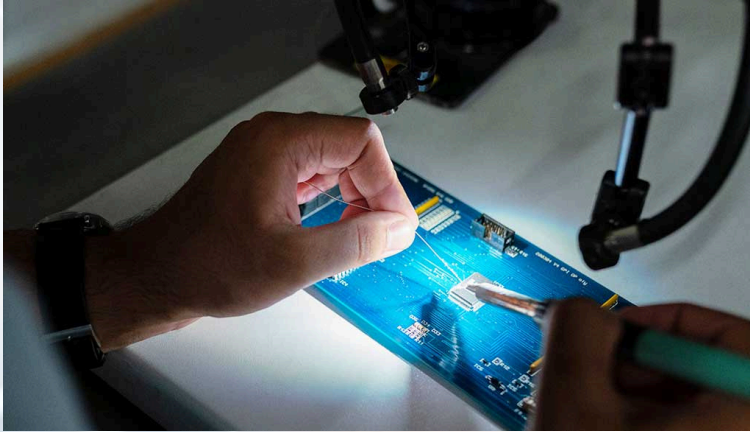

- 1 Day Workshop
- 1 Week Workshop

WHY INNOVATIVE

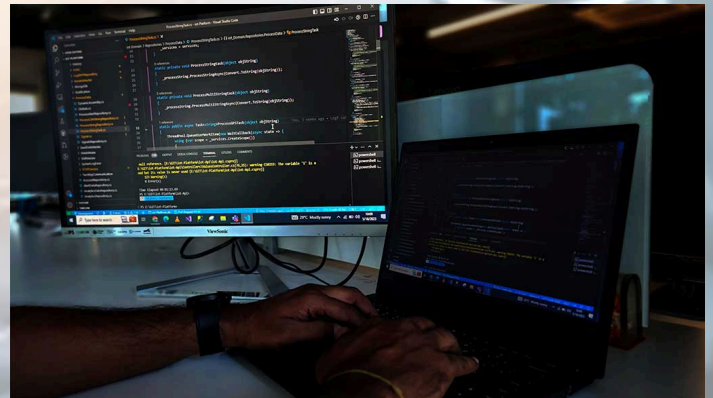

Research and Development

At Innovative, our Research and Development team drives technology forward with fresh, innovative solutions. We help our clients stay ahead of the competition by creating cutting-edge tools and anticipating industry trends, ensuring they remain leaders in a fast-changing world.

Applications

Businesses and their varied needs are constantly shifting. Over time, we've honed our skills in crafting and implementing bespoke applications, tailored specifically to meet these evolving demands.

Approach

Our solutions are fully developed and produced in-house, turning business challenges into effective, custom-built hardware.

We manage every step ourselves, which helps us stay flexible with changing technology.

Using advanced systems and efficient processes, we ensure high-quality results. Before shipping, each product is carefully inspected after assembly and before packaging to meet our quality standards.

Our Capabilities

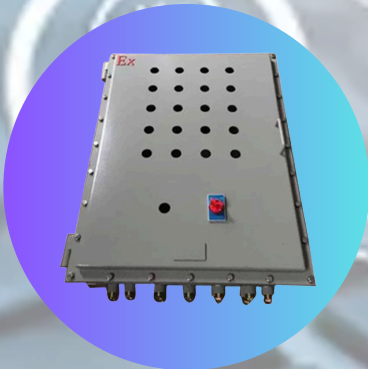

**Research &
Development**

Applications

Approach

Fire proof panels

Robotic Material Handling
